Dear Sir or Madam

You contacted us to request an iconographic document. Please allow me to remind you of the legislation in force:

- Photographs and films, just like posters, engravings, sculptures, paintings, books or even cards are works of art, and because of this they are **subject to the Intellectual Property Code (= copyright)**
- Payment for the rights to have these made available does not prevent the application of the legislation in force relating to copyright, particularly moral rights.
- Any work by any photographer is protected for 70 years after his/her death. In 2012 therefore, no photographers who died after 1942 are in the public domain.
- Even though the ANOM keeps the images it is not the holder of the copyright relating to these images.

For this reason the Archives Nationales d'Outre-Mer asks you to sign the attestation below, in application of the Intellectual Property Code.

ATTESTATION AGAINST RIGHT OF ACTION

I, the undersigned ¹.....
certify that, before any publication, I agree to request the legal authorisations from the beneficiaries of the author who created the following document(s) ² :

.....
.....
.....
.....
.....
.....
.....

for which reproduction is requested within the scope of the publication I wish to make.

Consequently, I recognise that any misuse of the photographs is made at my risk and peril.

This attestation guarantees the ANOM against right of action by the beneficiaries on the basis of an action for fraud and I agree to reimburse the damages and interests possibly paid, as well as the legal fees and those of a lawyer.
